ICON Technologies' Korean Distributor Present at NEPCON South China

SHENZHEN, China ¾ **September 7, 2006** ¾ ICON Technologies, a leading screen printing company, announces that its Korean distributor InterCEM, the exclusive distributor for ICON's i2 and i8 screen printers, was present at the recent NEPCON South China trade show.

InterCEM's JC Lee stopped by ICON's booth and met Simon Leow, general manager.

ICON Technologies chose InterCEM for its stellar reputation and expertise well as its process knowledge, attention to detail and follow-up that ICON's customers have come to expect. JC Lee and his technical staff have numerous years of experience supporting their customers' electronics and semiconductor processes.
